

Mac: Create User

SKYPE
aligning technology with the learning model

BYU
IDAHO

Objective

To demonstrate how to create a new Skype user on a Mac computer.

Instructions

1. Open Skype.
2. Click “Don’t have a Skype Name?”
3. Create a Skype name.
4. Type in a password.
5. Retype the same password.
6. Fill in your email address.
7. Read the license agreement.
8. Check the box that says “I have read Skype End User License Agreement and agree with the terms”.
9. Click “Create”.
10. Skype will sign you in. Your account has been created!
