

Mac: Share Screen

SKYPE
aligning technology with the learning model

BYU
IDAHO

Objective

To demonstrate how to share your screen with a caller using Skype on a Mac computer.

Instructions

1. In the call window, click the blue “Share” button.
2. Select either “Full Screen” to share the entire screen or “Selection” to do a portion of the screen.
3. Click “OK” to share screen.
4. If you select a selection, move the selection box to the desired place.
5. Click “Start Sharing.”
6. When finished sharing, click “Stop Sharing.”
