Double Major:	Current Major & Catalog Year	Requested Second Major & Catalog Year
Double Minor:	Current Minor & Catalog Year	Requested Second Minor & Catalog Year

Overview of BYU-Idaho's Double Major Policy:

Pre-approval needs to be obtained before pursuing a double major/minor. Requests may not be approved if coursework was completed previously. Coursework for both majors/minors must be completed within 140 earned credits, including transfer credit used to meet BYU-Idaho graduation requirements. CLEP, AP, and IB credits and credits for language tests and transfer courses will normally not be calculated into the evaluation unless used to meet graduation requirements.

If pursuing a double major, one minor or two clusters must be completed if the first major is an integrated major. A second major/minor should not be in the same discipline as the declared major/minor. Final approval for a double major/minor request is granted by the Associate Academic Vice President for Curriculum.
