General Education, Basic Education, and University Requirements

GENERAL EDUCATION

The Mission of General Education, Basic Education, and University Requirements, is to help students acquire the skills and knowledge needed to succeed in college and in society. Specifically, these purposes are realized in students when they begin to:

- Understand themselves and their relationship to God
- Develop the ability to think and write clearly
- Gain a knowledge of the social and natural worlds in which they live
- Appreciate aesthetic and creative expressions of humanity
- Cultivate a sensitivity to personal relationships and moral responsibilities
- Demonstrate a readiness for further learning and for services to society

**Second Religion Class**
A student who wishes to take two religion classes in a given term may attempt to do so after the first day of the class IF there is available seating. A student desiring to take a second class should meet with the instructor of that class and complete their registration.

**Attendance**
Each instructor may establish criteria for giving credit, but, generally, lack of attendance would affect a student’s grade detrimentally and could result in no credit for the class, thus requiring the student to retake the class.

**Waiver**
Should a student be denied a graduation diploma from BYU-Idaho because the religion requirement was not completed, and reasons for the non-completion were beyond the control of the student, an appeal may be submitted for review.

For clarification and/or application for a waiver, see the Chair of the Department of Religious Education. Make the appointment with Gloria Bradshaw, Office Manager, at (208) 496-1430.
