The Army ROTC program is an extension of Boise State Army ROTC. The traditional Army ROTC program encompasses a four-year period tailored to the normal progression of a student through four years of college. A student can take all four years of ROTC at Brigham Young University-Idaho. Entry into the ROTC advanced course requires U.S. citizenship and the student must have a GPA of 2.5 or higher. Anyone can take the first two years of ROTC. Arrangements can be made for entry into the program anytime prior to the junior year of college. For specific circumstances, students may also take two years of academic work at once. Such actions should have the approval, in advance of the professor of Military Science.

The Army ROTC Program is designed to produce highly qualified commissioned officers in the U.S. Regular Army, Army Reserve and the U.S. Army National Guard. The Military Science student will incur no military obligation while in the program at BYU-Idaho. Military Science students have the option to contract with the United States Army if they choose to pursue a military career. Students will typically contract at the beginning of their junior year. A monthly subsistence allowance is paid to contracted students.

The instruction program compliments the academic schedule of the university and is taught by professional career officers and non-commissioned officers from the Regular Army, Army Reserve or National Guard. Students specialize in the major field of their choice and graduate with the ability to function as a junior executive. The Army ROTC studies are designed to teach principles and techniques of leadership and management in preparation for service as an army officer and civic leader.

**SMP Program**
A program allowing for simultaneous membership in National Guard or Army Reserve during the junior and senior year that provides additional pay (up to $400 per month) as an officer trainees.

**Uniforms and Training Materials**
Uniforms and training materials are furnished by the U.S. Army.

**Army ROTC Scholarship Program**
Full tuition assistance is available on a competitive basis. College students enrolled in Army ROTC may qualify for a two or three year scholarship. The scholarship provides for full tuition, fees, a textbook allowance, and $150 per month for the period of the scholarship.

**Extracurricular Activities**
Army ROTC cadets extend academic and laboratory associations into a variety of extracurricular activities. Among these are the Ranger Club, Army Color Guard, and an annual Military Ball, rafting, rappelling, and more.
MINOR REQUIREMENTS
15 credits - take these courses

19 Minor Credits

Course Descriptions

**MS 101 Leadership and Personal Development** (1:2:0)
Selected leadership activities such as marksmanship, rappelling, water survival, physical training, drill and ceremonies, field training exercises, orienteering, field communications, and other adventure training. Lab attendance is not required but is highly encouraged. Lab attendance may affect final grade. (Winter, Summer, Fall)

**MS 102 Foundations in Leadership** (1:2:0)
Selected leadership activities such as marksmanship, rappelling, water survival, physical training, drill and ceremonies, field training exercises, orienteering, field communications, and other adventure training. Lab attendance is not required but is highly encouraged. Lab attendance may affect final grade. (Winter, Summer, Fall)

**MS 104 Ranger Challenge** (1:0:3)
Principles of war, advanced map reading with practical experience, U.S. military doctrine, and U.S. military policy. MS 201 will include a variety of subjects that deal with tactical and non-tactical leadership problems. (Fall)

**MS 115 Military Physical Conditioning** (1:0:1)
Open to all students. Participate in and learn to lead a military-style fitness program. Course emphasis is training for the Army Physical Fitness Test (APFT) and developing the individual fitness habits that keep military personnel fit for life. Students are evaluated mainly on the basis of class participation. Course is mandatory for all contracted ROTC cadets if not enrolled in MS 315R. (Winter, Summer, Fall)

**MS 201 Applied Tactical Leadership** (2:2:2)
Principles of war, advanced map reading with practical experience, Soviet military doctrine, and U.S. military policy. MS 201 will include a variety of subjects that deal with tactical and interpersonal leadership problems. Lab attendance is highly encouraged but not required. Final grade may be affected by lab attendance. (Winter, Summer, Fall)

**MS 202 Innovative Tactical Leadership** (2:2:2)
Seminar on fundamentals of leadership: communication skills, counseling, problem solving, time management, discipline ethics, and the role of the non-commissioned officer. Lab attendance is highly encouraged but not required. Final grade may be affected by lab attendance. (Winter, Summer, Fall)
MS 290 ROTC Leaders Training Course (6:0:0)
Introduction to military science for students having little or no military experience. Provides experiences in management, teaching, first aid, physical conditioning. Qualifies student for ROTC Leadership Development Assession Course (LDAC).
(As assigned.)

MS 301 Adaptive Team Leadership (3:3:2)
Course includes a variety of subjects that deal with tactical and non-tactical leadership problems. The course includes instruction in the following areas: applied leadership, basic rifle marksmanship, individual tactical skills, land navigation, and cadet common task subjects. Lab attendance is required.

MS 302 Leadership in Changing Environments (3:3:2)
Course includes a variety of subjects that deal with tactical and non-tactical leadership problems. The course includes instruction in the following areas: applied leadership, basic rifle marksmanship, individual tactical skills, land navigation, and cadet common task subjects. Lab attendance is required.

MS 315R (1:0:1)
Prerequisite: MS 115R or Permission of Chair.
Participate in and learn to lead a military style fitness program. Course emphasis is training for the Army Physical Fitness Test (APFT), developing life-long fitness habits, and preparing contracted ROTC cadets to lead medium to large groups of personnel in structured physical training. Students are evaluated mainly on the basis of class participation and ability to direct physical training. Course is designed to be more challenging than MS 115R and is mandatory for advanced course ROTC cadets.

MS 380 ROTC Nurse Summer Training Program (3:0:0)
Prerequisite: ROTC LDAC and One Clinical Nursing Course.
A 3 week/120 hour clinical leadership experience with an Army Nurse Corps preceptor at an Army hospital in the US or overseas after completion of ROTC Leadership Development Assession Course (LDAC).
(Winter, Fall)

MS 397 Military Science Practicum (6:0:0)
Prerequisite: MS 302
Culmination of MS 301 and 302. ROTC Leadership Development Assession Course at Fort Lewis, Washington.
NOTE: This is required of all contracted students normally between the junior and senior year.
(Summer)

MS 401 Developing Adaptive Leaders (3:3:3)
Prerequisite: MS 302
Prepares the prospective Army officer for initial assignment. Covers military staff organization and responsibilities, military intelligence, logistics, maintenance and supply; and an introduction to military justice.
(Fall, Winter)

MS 402 Leadership in a Complex World (3:3:3)
Prerequisite: MS 401
Includes discussions of ethics and human relations, counseling techniques, military service in today’s society, obligations and responsibilities of an officer, and coordination and operation of the military team. Students receive leadership assessments. Lab attendance is required.
(Fall, Winter)

MS 497 Military Science Internship (6:0:0)
Prerequisite: Permission of Chair
Provides senior students with the opportunity to apply the skills they have learned. Requires simultaneous membership in ROTC and Army Reserve/ National Guard.
(By appointment)
