The Brigham Young University-Idaho Counseling Center is located on the second floor of the Student Health and Counseling Center. The Counseling Center is staffed by well-trained professional counselors and supervisors who come to the Counseling Center to help with a wide range of personal problems—from adjusting to university life, to depression and other emotional difficulties. Students are assured of reliable, professional assistance in an atmosphere of warmth and understanding where confidentiality is maintained. Counseling is intended primarily for those students who can be helped in a relatively short time. It is not intended for those who need long-term therapy. Full-time, on-track students are eligible for services. There is no fee for counseling.

BYU-Idaho Academic Internships

An academic internship is a valuable and integral component of a BYU-Idaho education. In most cases, an academic internship is a required element for both associate and bachelor’s programs. A BYU-Idaho academic internship is a cooperative program between the University and approved Experience Providers (employers).

The purpose of an internship is to obtain practical and valuable work experience, to apply skills and knowledge learned in school, and to gain exposure to various job opportunities. Many internships are paid experiences and typically last one academic semester in length. Students are generally encouraged to complete a full-time academic internship.

The Internship Office located in Kimball 230 is the central location to help organize, promote, and coordinate the internship process. The Internship Office is to help with legal problems, act as a resource center, ensure academic consistency, coordinate internship information, and assist with paperwork. A faculty internship coordinator has also been assigned to each academic department/major to assist with the understanding and arrangement of each academic internship experience.

Listed below are general academic internship guidelines:

1) The internship must be directly related to a student’s major or field of study.
2) The faculty internship coordinator must approve the internship.
3) The internship must be for academic credit using the 198/298/398/498 course numbers. The faculty internship coordinator must approve the academic credit.
4) Students registering for academic internship credit must follow all registration guidelines and deadlines.
5) Specifically defined learning objectives, Experience Provider supervision, reports, and signed Student Internship Agreement between the student and the faculty department internship coordinator are necessary to qualify for internship credit.

For additional information regarding academic internships, please visit our website at http://www.byui.edu/internships, or contact the BYU-Idaho Internship Office at (208) 496-2290 or at internship@byui.edu.
