**Introduction**

The Department of Music of Brigham Young University–Idaho is an accredited institutional member of the National Association of Schools of Music.

The Mission of the Department is to:

- Use music to further the Lord's work.
- Promote music that is virtuous, lovely, of good report and praise-worthy.
- Prepare music majors for successful music-related careers.
- Teach musical excellence as a model for the pursuit of excellence in life.
- Help students use their musical gifts to serve the Lord, their families, and their communities.

The Department is housed in the Eliza R. Snow Center for the Performing Arts, a beautiful and well-equipped facility. The faculty and facilities provide a superior environment for the serious student of music. In addition, the Department offers a diversity of opportunities for the non-music major to develop musical skills.

Students may obtain the following baccalaureate degrees: B.A. in Music (687), Bachelor of Musical Arts (690), and B.M. in Music Education (890). The versatile Musical Arts degree is designed for students wishing to tailor their courses in areas such as performance, composition, pedagogy, etc. The B.A. in Music is for students desiring to obtain a broad education with an emphasis in music. The B.M. in Music Education is for students intending to teach in the public schools. The two-year Associate in Piano Pedagogy (358) is offered for the student who plans to teach in the home after graduation. The Piano Pedagogy Minor (203) offers the option of developing teaching skills in addition to pursuing another major. Students interested in a Music Therapy degree should contact the Advising Office for assistance in planning options. This baccalaureate degree is not offered by BYU-Idaho, but course planning is

offered which should allow you to transfer after two years.

**Ensembles**

BYU–Idaho has outstanding orchestras, bands, and choirs (auditioned and non-auditioned) whose membership includes music majors and non-music majors. **Music Lessons**

Fifty-two music faculty provide training for both music majors and non-music majors.

**Information for Music Majors****Music Major Status**

BYU–Idaho Department of Music has an open enrollment policy for all freshmen and transfer students desiring to pursue a degree in music. All are initially considered “Prospective Music Majors.” Admission as a “Music Major” and clearance for subsequent courses is contingent upon a Department review of the student’s abilities and grades in the following areas: Music 149 (Music Explorations), Music 256 (Piano Skills to gain piano proficiency), Music 155 or 160 (Applied Music), Music 172 (Musicianship 1) and ensemble participation. The number of sophomores admitted each year as “Music Majors” is limited by course and faculty resources. Students will be notified of their music major status four weeks after the end of the semester in which they are evaluated. Transfer students are subject to the same review as freshmen.

**Credit Requirements**

Baccalaureate degrees at BYU–Idaho require 120 completed credit hours. Due to the comprehensive nature of the Music Education degree (890), there is no minor requirement. The Musical Arts degree (690) and the B.A. (687) require completion of a minor or two clusters. The Musical Arts degree (690-90 Jazz Studies Emphasis) can be obtained only in the following instruments: string bass, saxophone, trumpet, trombone, percussion, and jazz piano. The Associate in Piano Pedagogy (358) requires 62 credit hours. Ensemble credit is required each semester of full-time registration regardless of accumulated total except the semester of student teaching. It is important that freshmen and transfer students meet in an advising session to set

up an academic plan. After the academic plan is set, general advising is done through the Freshman-Sophomore years by the advising office.

**Instruments Acceptable for Majors**

The following instruments may be chosen for those pursuing a degree in music: euphonium, bassoon, cello, clarinet, flute, french horn, harp, oboe, organ, percussion, piano, saxophone, string bass, trombone, trumpet, tuba, viola, violin, voice.

**Advising**

For assistance with course planning, general academic advising, and answers to any other questions, visit the Advising Office in Snow 245 or contact jonesde@byui.edu or (208) 496-3033 or (208) 496-3213.

**Transfer Students**

All transfer students who have had coursework in music theory and ear training must demonstrate their proficiency in these areas in order to determine whether their prior coursework will apply towards their BYU-I music degree. The exam is administered before the beginning of each semester, after which students will be advised as to which courses in the BYU-I musicianship sequence they still need to complete. The dates of the exam are as follows:

Fall semester: Friday, September 11

Winter semester: Tuesday, January 5

Spring semester: Friday, April 16

All exams will begin at 10:00 a.m. in Snow 185. A study guide for this exam is available at <http://www.byui.edu/music>.

**Course Sequence**

See Music Department home page for recommended sequence of courses at <http://www.byui.edu/music/>.

**Prerequisites**

It is assumed that all students pursuing a music degree will have developed skills in the following areas prior to their initial enrollment at BYU-Idaho. Deficiencies in any area may be remedied through successful completion of appropriate courses.

- 1) a significant degree of technical mastery and musicianship on a primary instrument
- 2) the ability to read music and a basic understanding of theory fundamentals (key signatures, scales, intervals, chord identification)
- 3) rudimentary technical skills on the piano, including the ability to play simple four-part hymns and simple two-part pieces such as the "March in D Major" from the Anna Magdalena Bach Book

**Juries**

Each semester all music majors enrolled in Music 155, 160, 161, 260, 261, 360, 361, 460 must stand a jury exam to determine final grades and achievement levels. Students will perform before faculty in their area and must successfully pass all juries as required in order to advance to the next level.

**Lower Division Performance Requirement**

Music Majors are required to perform solo or chamber music in public performance for a minimum of 25 minutes during their first two years. Regularly scheduled afternoon recitals and other approved performance opportunities are available. Recital time is monitored by the private instructor.

**Concert Attendance**

Music majors must attend eight live concerts for six semesters. This is reported through various music courses.

**Piano Proficiency Requirement**

A basic level of piano skills is required of all music majors. All students are required to pass Music 256. Consult the Music Department Handbook for details.

**Special Fees**

Applied Music Instruction:

Music 104 - \$128

Music 155, 158 - \$199

Music 160, 161, 260, 261, 360, 361, 365, 460, 462 - \$396

Before a lesson is scheduled with a teacher	Full Amount
During the second week of lessons	90%
